

CORNER HISTORY: Center 15-17-3. No reference found for this corner in the old 3"x5" card file. Reference to the corner in the Washington Township Legal Survey Book 1 pg. 5. Reference dated June 18, 1849 by Percy Hosbrook called both witnesses standing and found rock; but not quite in the right place, seems to have been placed by the Hamilton County Surveyor. Corner appears to be the NW corner of "Emanuel Michael" property, and size of property shows 40.33 by 40.33 chains. No reference recorded in the Marion County Atlas dated 1883. Survey dated 1939 per Book No. #56 called out corner in the 1920's old Washington Survey Book # 3, page 21. Corner reference dated 1-9-06 by Wilcoxen called 34" steel pin found 5" down and marked a "new" corner found. Reference dated 9-17-08 by Wilcoxen found 34 " frost (steel) pin down 6", 15" long just north of stone found 15" down. Set Harrison marker on top of stone.
